KEY SKILLS

- Eager to learn
- Good listener
- Loves to learn
- Helpful
- Positive attitude
- Friendly
- Courteous

ME

I'm studying Frontend Development - Mobile and Web at Chas Academy and currently I'm looking for work after I graduate in June, where I can learn and grow as a developer and further broaden my expertise to become a more complete developer. I'm a curious person who enjoys learning a great deal, and will have no issues learning what I need. In the long run I want to work with a wide variety of projects that interest me and continue to challenge myself.

EDUCATION

FRONTEND DEVELOPER - MOBILE AND WEB,
CHAS ACADEMY, STOCKHOLM

HOBBIES

COMPUTERS AND GAMES

• I've always had a big interest in computers and video games in general including some programming, ever since I was a child

MUSIC AND INSTRUMENTS

• I have a great interest in both listening to music and playing instruments like guitar and piano
